In principio è Arbor, ora è anche Evertree.
Lo stesso significato, la stessa cura.

The origin is Arbor, now it is also Evertree.
Same meaning, same care.

L'esperienza, la conoscenza e la solidità di un'azienda che realizza prodotti d'arredo di alta qualità da oltre 50 anni, si sono combinati con nuove idee, forme e materiali nel marchio EVERTREE.

Un approccio attento ai minimi particolari, che diventa progettualità nello sviluppo di soluzioni che offrano design, comodità, piacevolezza del vivere in spazi collettivi, alla ricerca della massima soddisfazione della propria clientela. I modelli EVERTREE sono freschi nel colore, studiati nel progetto, attenti all'ambiente, conformi alle normative e rifiniti nei dettagli: la collezione è il risultato della nostra passione e cura per offrirvi contesti e prodotti ideali ai vostri ambienti collettivi.

The experience, knowledge and the strength of a company that has produced high quality furniture for over 50 years, have combined with new ideas, forms and materials for the creation of the EVERTREE collection.

A careful approach to the smallest details, that are the essence of design in the solutions development, to offer comfort, ergonomics, pleasure of living in community.

The EVERTREE models are fresh in color, refined in project, environmentally friendly, conforming to the international standards and well finished in their details: these are the results of our passion and care to contribute to create suitable living areas with the full Customer satisfaction.

Per poter garantire i nostri standard così elevati e costanti, seguiamo le metodologie regolate da riconosciuti disciplinari.

In order to ensure our high and constant standards, we are compliant with the rules of recognized certification institutes.

Our care

Tutte le soluzioni tecniche sono concepite per assicurare comfort, sicurezza, durata e facile manutenzione. Le strutture sono in legno massello disponibili in varie essenze e finiture e rispettano gli standard di stabilità richiesti. La verniciatura è ad acqua, quindi atossica, anallergica e amica dell'ambiente. Gli schiumati sono indeformabili e a densità variabile per assicurare il massimo della comodità. I rivestimenti sono ignifughi, resistenti all'utilizzo intensivo, impermeabili, lavabili e antibatterici.

Le sedie assicurano una posizione confortevole e una postura fisiologicamente corretta, il design ergonomico facilita le operazioni di seduta e il recupero della posizione eretta. I braccioli sono tutti solidi, confortevoli, privi di spigoli e bordi potenzialmente pericolosi. Tutte le sedute agevolano le operazioni di pulizia e la maggior parte sono anche impilabili. Tutto è studiato per andare incontro alle necessità di ogni utilizzatore delle sedute e dei tavoli.

EVERTREE rispetta la natura ed è impegnata ad utilizzare materiali e processi a basso impatto ambientale. Il legname proviene da piantagioni ecosostenibili e nei processi produttivi non viene impiegata manodopera infantile o lavoro illegale. Tutti i modelli sono stati progettati, sviluppati e prodotti in Italia, garantendo in questo modo la qualità del 100% made in Italy.

La carta utilizzata per questo catalogo proviene da foreste certificate FSC®.

All the technical solutions are designed to ensure comfort, safety, durability and easy maintenance. The frames are made of solid wood available in various finishes and compliant with the requested standards. The paint is water based, therefore non-toxic, non-allergenic and environmental friendly. The foams are non deformable and with variable density to ensure the maximum comfort. The coatings are flame retardant, resistant to intensive use, waterproof, washable and anti-bacteria.

The chairs offer a comfortable seat, a correct posture, the ergonomic design very much helps the seating and standing recovery operations. The armrests are all solid, comfortable and with no sharp, potentially dangerous edges. All products are easy to clean, and the most of the chairs are stackable. All models are designed to fully satisfy the needs of their users.

EVERTREE respects the nature and is committed to use materials and processes with low environmental impact. The wood comes from eco-sustainable plantations and no children or illegal labor is exploited for the production process. The chairs have been designed, developed and produced in Italy, thereby ensuring the quality of 100% made in Italy.

The paper used for this catalog comes from FSC® certified forests.
